

TRADING OPPORTUNITIES

Trading Opportunities

	<p>HGH VALUE CROPS Grow high market value crops and sell Surplus. Market prices are higher if crops can be grown early or late in the season.</p>	
	<p>GROUP SELLING Form a group to grow agreed crops and pack in bulk for sale to restaurants or wholesalers. Supply must be reliable and quality always good</p>	<p>Whatever you sell</p>  <p>Quality Matters!</p>
	<p>RAISED BEDS Small amounts of crops can be grown almost anywhere Using raised beds filled with fertilised soil. Frequent watering is essential</p> 	
	<p>ADDING VALUE TO CROPS Add value to vegetable and fruit crops by sun drying or pickling to sell when no fresh produce available. Get others to do the same and sell together</p>	
	<p>SEEDLING SUPPLY Grow and sell good quality seedlings Vegetables, grain, fruits, trees, shrubs, flowers. Use plastic covers for early and late crops of higher market value</p>	
	<p>FRESH FRUITS AND PRESERVES Grow and sell fresh fruits, or juices and make into jam for selling all year</p>
